From the Executive Director

Welcome to our first E-News sent on our new Salsa server! This is a transitional newsletter using our old template within the new. We will be transitioning over the next few months. UUSJ has been upgrading our on-line capabilities to enhance our communication capabilities in terms of ease, outreach, and efficiency. Our www.uusj.org website has been redesigned and a number of tools added. We are excited and hope you will begin seeing the difference.

Please take note of the 50th anniversary of the March on Washington, with a gathering at All Souls Friday evening, Aug. 23 and then a rally the following day. (Under "Anti-Racism and Multiculturalism" below.) This is a chance for UUs to come out strong with others in honor of that March and to continue the work of it. We often do not take time to celebrate real victories, and this is a time for that and for rededication, both. Don't miss it.

And please be aware that the deadline for your nominations for our social justice awards is Sept. 6. We apologize for the technical difficulties with the online form. These have now been fixed. These awards offer a chance to honor and celebrate the outstanding justice people in your congregation. Way too often people give and give from their hearts to good work and never receive recognition for their efforts. No one, of course, does any of this for recognition, but at the same time it is a wonderful, inspiring, revivifying activity for all involved. Get those nominations in.

UUSJ is changing. It is so good to have you with us as we try to meet the needs of these times.

❖ *The UUA & UUSC Have Launched a Joint Campaign for Raising the Minimum Wage*

See the [Joint Statement](#) from UUA President Rev. Peter Morales and UUSC President Rev. Bill Schulz 'Raising the Minimum Wage--A Moral Imperative.' Please [add your name](#) to join our advocacy for low-wage workers and their families.

We are partnering with Interfaith Worker Justice and the Restaurant Opportunities Center (ROC) United to support the Fair Minimum Wage Act of 2013, which would make the following vital advances:

Raise the minimum wage to \$10.10 per hour by 2015

Index the minimum wage to inflation

Anchor the minimum wage for tipped employees-currently an abominable \$2.13 an hour-to 70 percent of the regular minimum wage

Three and a half million people of color would be lifted out of poverty if Congress raised the minimum wage to \$10.10. They would be the majority of the six million people overall who would be lifted out of poverty, according to a new report from the restaurant workers' group ROC United.

Bidder 70 is a 72 minute documentary film that centers on an extraordinary, ingenious and effective act of civil disobedience demanding government and industry accountability. In 2008, University of Utah economics student Tim DeChristopher committed an act which would some believe will redefine patriotism in our time, igniting a spirit of civil disobedience in the name of climate justice. A Unitarian Universalist, Tim DeChristopher, effectively derailed a widely protested federal oil and gas land sale in 2008. This University of Utah environmentalist bid 1.2 million dollars, he didn't have, to save thousands of pristine acres of land surrounding U.S National Parks. Come join us to watch this documentary of young people fed up with corporate control of their government, the story of the power of individual choices and their consequences. Bring your own brown bag dinner. Coffee and tea provided. Doors open at 6:30 p.m. FREE!

❖ *Taking GA Interfaith Action Home: Tell the EPA We Need Energy for Change!*

UU activist Tim DeChristopher, Wendell Berry, KY & WV UU ministers, KY Interfaith Power & Light leaders, community activists and others, challenged us to pledge to take our actions home. Service Learning Trips

❖ *Upcoming Offerings from the UU College of Social Justice*

The UU College of Social Justice is excited to announce several new programs for this fall. These programs spotlight some of the UU justice movement's greatest work and draw on programs of UUSC and the UUA.

Justice for Women and Marginalized Communities in India

Join the UU Holdeen India Program (UUHIP) for a two-week pilgrimage to India. This journey will take us to the western state of Gujarat, where you will witness firsthand the work of the Self Employed Women's Association (SEWA), a UUHIP partner. At the confluence of Indian labor, cooperative, and women's movements, SEWA organizes women working in the informal sector. You will also meet with UUHIP partner Navsarjan and learn about their work organizing Dalits — once branded "untouchables" — to stand up for equal rights.

Learn more and register at uucsj.org/india.

Food for Thought: An Exploration of Eating and Worker Organizing

Working with the Restaurant Opportunities Center of Chicago, a UUSC partner, you will learn about labor history, the injustices of the restaurant industry, and innovative organizing strategies. You will meet directly with workers and organizers and take part in on-the-ground action. This hands-on experience will give you the knowledge and skills you need to choose compassionate consumption and support people at the forefront of change in the food industry — and the drive to get involved when you return home.

Learn more and register at uucsj.org/food.

BorderLinks: Immigration Justice

Delve into important immigration issues with three new programs:

- Sustainable Futures — investigate the connections between our food system and social justice
- Chiapas — learn how to stand with communities struggling for justice in one of Mexico's most impoverished states
- Seminarian Journey — explore the entwined issues of economic justice and immigration on the U.S.-

Mexico border as part of your path to ordination
