" UUs and Citizens' Climate Lobby—Beautiful Together!"  
Climate change is a huge and complicated issue. Many UUs, like those from other faith traditions and secular backgrounds, are relieved to find the specific, focused approach of Citizens' Climate Lobby, a non-profit, non-partisan, volunteer organization. Using the methods of RESULTS, a decades-old humanitarian advocacy group, and on-going education on the issues, CCL members advocate for action on climate change. We see many of our UU values reflected in this approach.
