"If you care about this country, if you want to take part in a citizen's movement that helps heal the deep racial, economic, and cultural divides tearing us apart, you must read Eric Deggans' *Race-Baiter*. No book of recent vintage so thoroughly dissects the media's monetized appetite for division. Provocative, honest, and smart, *Race-Baiter* is a supremely important book. Read it and let the conversation begin."--Connie May Fowler, Author of *Before Women had Wings*
