UUSJ VISION

We envision an active regional community enabling all Unitarian Universalists and friends to achieve through advocacy of regional, national, and global initiatives the evolution of a peaceful, just, and environmentally sustainable world for all.

UUSJ VISION

We envision a peaceful, just, and environmentally sustainable world for all.

UUSJ MISSION

We believe in the inherent worth and dignity of every human and in the interconnected web of life. These core values are derived from our Unitarian Universalist faith. Our location in the Washington DC metro area gives us a unique opportunity to promote these values at the national level.

We advocate at the federal level for legislation and programs which reflect and support these values.

We provide training, programs and networking opportunities to assist individuals and congregations in finding their voice and taking actions to further these values.

UUSJ MISSION

We empower Unitarian Universalists to effect change through direct advocacy on Capital Hill. We educate on direct advocacy, on important social and political trends, and we build relationships with community groups to effect change on shared concerns.
